In all instances, the presiding officer shall act in such a way that all information relevant to the continued appointment or clinical privileges of the person requesting the hearing is considered by the Hearing Panel in formulating its recommendations. ARTICLE VIII - PART C: HEARING PROCEDURE

Section 5. Admissibility of Evidence:

The hearing shall not be conducted according to rules of evidence or procedure relating to the examination of witnesses or presentation of evidence. Any relevant evidence shall be admitted by the presiding officer if it is the sort of evidence that responsible persons are accustomed to rely in the conduct of serious affairs, regardless of the admissibility of such evidence in a court of law. Each party shall have the right to submit a memorandum to be filed, following the close of the hearing. The fact that certain panel members were not physically present at all times during the hearing will not disqualify them or invalidate the hearing. Members of the panel who were not present at all times should

read the transcript taken in their absence before voting. The vote shall be by majority of those appointed to the Hearing Panel.

- (c) Each party shall have the right to present a written statement in support of its position on appeal, and the Review Panel shall allow each party or its representative to appear personally and make oral argument. The Review Panel shall recommend final action to the Board.

Section 6. Further Review:

Except where the matter is referred for further action and recommendation in accordance with Section 4 of this Part, the final decision of the Board following the appeal shall be effective immediately and shall not be subject to further review. combination of acts of such bodies. In the event that the Board ultimately determines to deny initial medical staff appointment and clinical privileges of a current member, that individual may not again apply for medical staff appointment or clinical privileges at this hospital unless the Board provides otherwise. However, nothing in these bylaws shall restrict the right of the applicant to reapply for appointment to the medical staff or restrict the right of a member to apply for reappointment and clinical privileges after the expiration of one year from the date of such Board decision unless the Board provides otherwise in its written decision.
